Project Description:	
Project Address:	

Connection Details	<input type="checkbox"/> HV Supply (i.e. HVC) <input type="checkbox"/> LV Supply			Include description of existing and proposed load fields below
Existing Load:	Phases	Amps		
Proposed Load:	Phases	Amps		
Total:		Amps	Proposed connection Date:	

HV Proposal	
Proposed Distribution Centre: <small>include substation type, size, LV panel layout (e.g. L type kiosk, 1000kVA, 1600/400 panels)</small>	
Proposed Zone/Feeder:	
HV Network Proposal: <small>describe the HV connection proposal (e.g. loop in new new substation between HS01234 and HS09876)</small>	
HV Relocation Proposal:	

LV and/or SL Proposal, including comms	
LV and/or SL Network Proposal:	
LV/SL Relocation Proposal:	

Does this proposal involve modification of Ausgrid's transmission, ADSS or pilot cable system(s)? <input type="checkbox"/> YES <input type="checkbox"/> NO If YES, please include on sketch	
Do you require fault level information that is not on WebGIS:? <input type="checkbox"/> YES <input type="checkbox"/> NO	

Attachments: <small>Items marked with X are mandatory Items with * asterisk are mandatory if applicable to the project type/application</small>	<input checked="" type="checkbox"/> Sketch - proposed method of connection* <input type="checkbox"/> Sketch – System Diagram (for HV works)* <input checked="" type="checkbox"/> Connection Application <input type="checkbox"/> includes large/disturbing loads* <input checked="" type="checkbox"/> Design Contract Acceptance	<input type="checkbox"/> Master plan (if multi stage subdivision)* <input type="checkbox"/> Photographs <input type="checkbox"/> Development Site Plans <input type="checkbox"/> Other
